Lancaster Farming

No. 41. Quarryville (Lancaster County) Pa., Friday, Aug. 10, 1956 $2 Per Year

ditions for nty's Crops rmed Ideal

owing conditions for Lan- r County crops are still County Agricultuarl Agent M. Smith reports today, as en Spot farmers rush to ahead of plant growth

oisture and humidity are ing crops along, and the sit- on in that respect is very at present. Some farmers finishing up their second cut- of hay, and many will soon busy with the third crop.

otato digging started late last k, and yields are reported among early cobblers. To- co is heading out rapidly and keep farmers quite busy. h seed is developing now many fields are ahead of the wers.

Keep tomato and potato nts under a cover of spray check blight," Mr. Smith ad- es. and almost weekly sprays uld not be out of line.

astures are excellent, and ches look very good A norm- rop of peaches is expected.

ince Aug. 1, temperatures ged above and below normal, h the first two days slightly ve normal through Monday degrees below normal, with sday about normal Tempera- es moved up at midweek

Saturday through Monday, nfall totaled 1 36 inches at caster, 2 50 at Safe Harbor, over two inches at Holtwood, cording to Bernard S White of U. S Weather Bureau office Lancaster "There is ample isture, enough to last awhile," added Scattered showers Fri- y, possibly Saturday are fore- st

omatoes Roll nto Stations uality "Good"

By LF Staff Reporter

Green ripe tomato operations the Rawlinsville area are ex- ected to get into full swing this eek, according to Park Eshle- an and Charles Ressler, who aintain receiving stations on heir farms and are large grow- rs themselves

Chris Atkinson & Son, Home- tead, Fla, are receiving an acking tomatoes on the Ressler arm The first picking, which be- an last week, was described as good size and excellent quality, nd better than last year"

2500-3500 Baskets Per Day

At the Park Eshleman farm where operations are carried on y Smith & Sponholtz, Jackson- ille, Florida It was estimated hat between 2,500 and 3,500 askets per day were received here during the past week. This eek deliveries were expcted to un between 5,000 and 10,000 askets It was pointed out that ith each picking the yield in- reases, instead of decreases,

Garden Spot Second in Number of Chickens in Top 100 U.S. Counties

Lancaster County's national importance in the poultry industry is more evident in tabulation released this week by the Bureau of Census United States Department of commerce.

Here is a summary of the Garden Spot national standing in the 100 top counties second in number of chickens four months old and over on farms in 1954 third in poultry and poultry products sold; sixth in chicken eggs sold, 13th in chickens sold; 40th in turkeys raised, and 87th in turkey hens kept for breeding

Chickens 4 months old and over on farms in 1954 numbered 375,800,447, of which 80,087,326, or 21.3 per cent, were in 100 counties, according to 1954 Census of Agriculture figures for ranking counties released today by the Bureau of the Census, U. S. Department of Commerce.

Monmouth County, N J, was the leading county in number of chickens on farms at the time of the 1954 Census of Agriculture, with 3 260,953—0 9 per cent of the U S total **Lancaster County, Pa. was second with 2,825,047;** Sonoma County, Calif, third with 2,783,278; Los Angeles County Calif, fourth with 2,764,829, San Bernardino County, Calif, fifth with 2,691,412; Ocean County, N. J, sixth with 2,673,887, and Cumberland County, N J, seventh with 2,489,257

Chicago Cattle Top at $27.75; Equals May 1955

Chicago cattle Wednesday topped at $27.75, a new load lot top since May 16, 1955. Beeves bringing this price were mostly high prime, scaling 1316 lbs. Three loads, 1200 to 1400 pounds, sold at $27 50, another lot at $27, with some at $26 25 and $25

Cattle receipts in Chicago Wednesday totaled 16,500, a heavy run for the day.

1956 Garden Spot Baby Beef Show, Sale Aug. 14-15

Next week will find Garden Spot Baby Beef Club members grooming and preparing their club steers for their show and sale at Union Stock Yards in Lancaster Tuesday and Wednesday.

All steers must be brought to the Stock Yards Tuesday morning, Aug 14, W, S Bixler, secretary of the Lancaster Live Stock Exchange reminds, with a final deadline for entries at 1 p m

No Short Feed

Steers will be placed on feed of hay on arrival and will be watered up to 4 p m Weighing will start at 6:30 Wednesday morning, and cattle will be sold at this weight.

"No short feed may be given until after they are weighed," Mr Bixler reminds

Judging will start at 9 a. m. Wednesday morning, and the sale promptly at 1 p m Wednesday. "We urge that each exhibitor be present for the weighing as well as for judging and sale," Mr Bixler reminds.

Must Be Halter Broke

Steers must be halter broke, schooled to lead and must have on a halter when brought into the Yards Any steers not sufficiently tamed so they may be easily handled will not be accepted All entries are subject to approval for the Show Committee.

Special ribbons will be provided for each exhibitor to wear during the show, and will be issued when exhibitors call in person at the office of the Exchange secretary.

Holstein Field Day Winners

Elvin Hess, Jr. (right), president of the Lancaster County Holstein-Friesian Breeders, here presents a rotating cup award to his brother, Richard Hess of R1 Strasburg, at the County Field Day Tuesday on the Mowery Frey farm. Winners of other classes were Miss Pamela Lyons (left), 204 Hess Blvd., Lancaster, in the youth division, and Mrs. Robert Kauffman, R1 Manheim, champion judge among women. (Lancaster Farming Staff Photo).

Three-Quarter Cent Loss Recorded In Thursday Auction of Broilers

Lancaster Poultry Exchange (Rohrerstown, Pa) (Sales Report, Sale 168, Thursday, Aug 2, 1956) — Prices declined three-quarters of a cent in the Thursday auction of 124,550 birds in 40 lots at the Lancaster Poultry Exchange Listed and offered were 52 lots, 185,950 birds, and unsold were 61,400 when bids failed to reach satisfactory levels

Thirty-five lots, 122,100 broilers, sold in a range of 20 to 23 cents, averaging 20 58 Five lots, 2,450 Leghorn fowl, sold from 12½ to 17¼ cents.

For the corresponding sale a year ago, Sale 75, Aug 4, 1955, 141,900 birds were offered in 58 lots, and 50 lots, 122,550 birds were sold in a range of 26 to 29¼ cents, averaging 27¼ cents.

Topping Thursday's market was Clair Graybill, R3 Manheim, with 1,000 White Americans, 10 wks, six days, that sold to Carl Risser, Lititz, for 23 cents

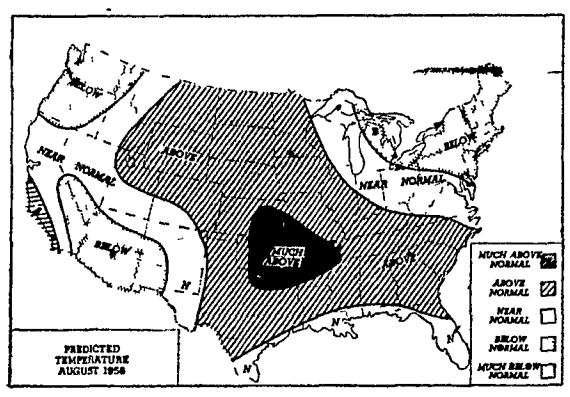
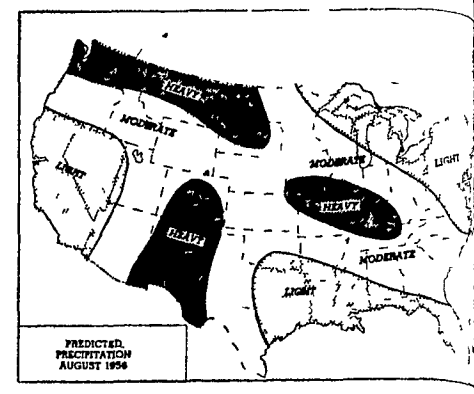
Outlook for August 1956





The Weather Bureau's 30-day outlook for August calls for temperatures to average below seasonal normals west of the Continental Divide and in the Northeast. In the remainder of the nation above normal temperatures are predicted, except near normal along the Gulf Coast and in the Great Lakes region.

Precipitation is expected to exceed in the Northern Plains, Middle Mis Valley, and Southern Rocky M States. Subnormal amounts are in in the Northeast, Southwest, an Coast States, with near normal el

Lancaster Livestock: Steer Supp Smallest of Season; Prices Gain

By DAVID S. LORENSON

Lancaster, Aug 8 — (USDA) — (Wednesday to Wednesday Review) Cattle 3,311, week ago 4,064. Slaughter steers in smallest supply of the current season and only about one-half as large as week ago. The run included around 50 per cent stocker and feeder steers and nearly 20 per cent cows. Compared with last Wednesday fed steers and heifers strong to 25c higher, some sales 50 cents up, best action on choice and prime 1000 lbs and over. Cows around 50 cents lower, bulls weak to 25 cents lower. Stock steer calves and yearlings about steady, feeder steers 750-950 lbs. fully steady. Bulk choice and prime 1050-1300 lb fed steers $24.25-26.00, a few loads and lots up to 1340 lbs $26 50-26.75. Most good and low choice steers $22.-00-24.00; standard and low good grades $19 00-21:50. A few commercial steers down to $16.00. Scattered lots good and choice heifers $19.00-22.75, a few to $23.00 Standard grade heifers $16 00-18 00 Utility and commerical cows by mid-week $11.-50-13 50; canners and cutters $8.50-12.25, shelly canners down to $7.50. Utility and commercial bulls $15.00-17.50 a few good fed bulls to $20 00; cutter grades $13.00-14 75. Bulk medium and good 450-750 lb stock calves and yearlings $17.00-19 50, common stockers $13.00-16 00 with some as low as $12 00 Good 750-950 lb feeder steers $18 50-21 00, about two loads 875-950 lbs mostly low choice to $21 75, a few around 600 lb stock steers to $22.00

CALVES 820 week ago 723 Compared with last Wednesday veal calves mostly steady Bulk good and choice $20 00-23 50, high choice and prime $24 00-28 00, utility and commerical $15 00-19 00.

HOGS 1579, a week ago 1,452. Compared with last We barrows and gilts around higher. Sows scarce, fully Bulk barrows and gilts lbs, $18.25-18 75, seven lots mostly No. 1 $19 around 50 head Monday 50; weights 240-270 lbs 18.25; 160-180 lbs $17 Sows all weights $12 00

SHEEP: 408, week a Compared with last We spring lambs around $1 0 Bulk good and choice spring lambs $18.00-23 00 lots choice and prime $2 00. Utility and low good $15.50-17.50, Culls down 00. Aged sheep to sca market test.

ALTMAN'S SUPER-A FEEDS

Have YOU filled your silo with ensilage that your cows will relish? You Can! Be Sure! Don't Gamble! Use Aroma Pep Flavoring!

Don't cloud the silver lining with doubt . Suppose you changed places with your Dairy Herd - would you relish the ensilage that you are now feeding?? What about the odor? ? Does it get You down? ? Do you smell like the first "Breath of Spring? ? If you were standing in your Cow's stanchion - what would your answer be ? Let's quit kidding ourselves and our cows ? A brand new product that is revolutionizing Grass and all other Ensilages is now on the market - Aroma Pep Flavoring. It de-odorizes as well as increases the palatability of the Ensilage All animals detect the goodness of feed through Aroma and Taste. Most everyone knows the offensive odor that most grass ensilage have. When ensilages is relished by the animals - they will not only digest it better but there will be practically no waste after feeding.

County Chickens

Word that Lancaster County ranks second nationwide in chickens four months old and over in farms in 1954 comes as little surprise to local residents

Outsiders may accept this, not realizing the Garden Spot ranks high in the tables of other agricultural yield records. Lancaster County, with 2,825,047, ranked second only to Monmouth County, N. J , with 3,260,953, or 0.9 per cent of the U. S. total.

Figures on broiler production swing wide over the nation, with the third position going to Sonoma County, California, fourth to San Bernardino County in California, fifth to Ocean County, New Jersey, and sixth to Cumberland County, New Jersey.

Add to this Lancaster County's records in tobacco production, her high rank in other fields.

Although Lancaster County's rank in poultry is high, it must be remembered that it holds records in other agricultural lines too, and is not confined to one phase alone. Record receipts at the Lancaster Poultry Exchange indicate other records—much higher—will be wrapped up again soon by the Garden Spot

Old Soldiers

There's something sobering when you take a look back into the armed services after several years without direct contact It takes but a reunion between a couple out of uniform a decade and one who has remained in.

Names are exchanged in rapid-fire fashion. "Where's so and so? How about Jim——? Have you heard anything of——?" From the civilian ranks comes some news, from the uniformed ranks comes others. Speaking of rank, one master sergeant today is a lieutenant colonel in Bangkok, Thailand; the boyish lieutenant colonel of some years back is now matured and in an extremely responsible position in Europe.

Some names must be crossed off the list There have been deaths, some through military and civilian aircraft mishaps, births, divorces. The perennial motorcycling bachelor has married and slowed down. Some have risen through the ranks at break-neck speed, others have cruised along at normal, non-excitable speed, maintaining what rank they have.

Today's life in service is different There's a comaraderie that didn't exist in the days of World War II when people of all walks of civilian life were thrown together under war conditions Today there has been more rigid sorting. There is a manpower shortage in several branches. Hours are long. Work requirements are stringent. Social life is perhaps more family style than it was in the days when the family was in one corner of the country, the man of the house in another corner of the world

There's casual talk of flights to Paris, Rome, Tehran, Iceland, the Azores, Scotland—a world that is shrunken by airplanes.

Most interesting is that there is a devotion to duty, a schedule that ignores the 40-hour week, a spirit among the regular service men that is one of work, devotion to duty. Much of the public is still unaware of what really goes on in service ranks today, where a limited number are doing the work that twice that number should do.

Unusual Seasons

Tobacco being harvested ahead of normal. Rains have pushed potato vines along and delayed tuber growth. Rains have boosted tomato plants and shaded the fruit—delaying ripening All pose problems for the Lancaster County producer.

For awhile there were fears of damage to tobacco; movement of tomatoes must be on a split-second schedule.

The season where there is not a spare moment to leave consideration of crops is here What a change it is from the dry spell we encountered this time a year ago, and how wonderful the fields look. Visitors are wondered, and well they might be.

Nothing unusual, one might comment, typically Lancaster County and Lancaster farming.

50 Years Ago

This Week on Lancaster Farms

50 YEARS AGO (1906)

By JACK REICHARD

Justice of the Peace William Duff, prominent farmer, aged 80, of New Castle, Pa , died from the effects of a shotgun wound received in an altercation with four Italians The foreigners were shooting birds on Squire Duff's farm, and when ordered off the place, one of the Italians shot him in the head He was found in the field by his son, and before losing consciousness, accused Dominick Ferrone with the assault.

* * *

Milk Dealers Sued

State Dairy and Food Commissioner Werren, directed his agent in Adams County to bring suit at Gettysburg against the dealers who sold adulterated milk to the National Guard of Pennsylvania troops during the division-encampment in the area.

* * *

Wheat Train

For Kansas

The Atchison, Topeka and Santa Fe Railroad, in cooperation with the Kansas State Agricultural College, ran a wheat instruction train over some of the lines of its system in Kansas during August, 1906. Five lecturers from the agricultural college accompanied the train.

It was stated that for a long time, it had been the practice of many Kansas farmers to sell most of their good wheat and use the poorest for seed. The main purpose of the train was to teach farmers that they would profit by sowing the best wheat. It was estimated the use of only the best wheat for seed would increase the yield of Kansas wheat from 3 million to five million bushels annually, a half century ago.

* * *

On the Lancaster farm of Robert Scott, Little Britain Township, a large number of neighbors had gathered to see Scott's new Halleck potato picker work. Just when the equipment was adjusted for trial, a heavy rain put a stop to the operations

* * *

Farmers Turn Out

To See Trains

Sunday, Aug 12, 1906, farmers residing along the new Low Grade branch line of the Pennsylvania R. R. Comapny, between Columbia and Parkesburg, spent most of the day along the right-of-way watching the first freight trains to pass over the line. Many of the families had never seen a train before.

* * *

A meeting of the Lancaster County Tobacco Growers' Association was held at the Cocalico experimental station, West Cocalico Township, 50 years ago this week. Among the speakers were Professor Whitney, of Washington D. C., and State Chemist Frear of Pennsylvania State College. An exhibit of cigars and tobacco from the 1904-5 crop grown at the station was on display.

* * *

Lancaster cattle dealers organized to confine business at the Union Stock Yards to fixed market days instead of scattered all through the week. Fifty years ago Wednesday was the big day, but cattle were bought and sold on other days of the week.

UNTREATED T.B. CASES

Dr Edward X. Mikol, tuberculosis expert, estimates that at least 80,000 persons in this country are ill with tuberculosis but are not in hospitals for treatment He cited a U. S. Public Health Service report showing that 45 per cent of T.B, patients are not hospitalied, 87 per cent of which are in advanced stages of the disease and half of which are 45 or older.

25 YEARS AGO (1931)

Farmers throughout the nation vigorously opposed the railroad's petition for a 15 percent increase in freight rates presented to the Interstate Commerce Commission. Hearings were scheduled at Washington, Chicago, Kansas City, Dallas, Salt Lake City, San Francisco, Atlantic, and Boston during August, 1931

Farm Hand

Caught In Thresher

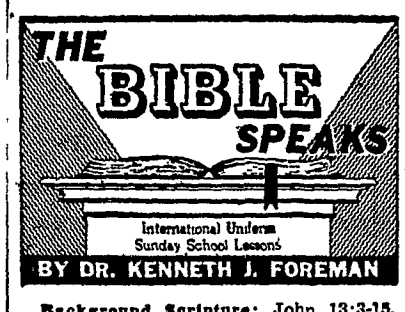
Horace Hughes, 25, employ on the farm of Eugene Hei at Elverson, Chester County, w fatally injured He was help to thresh and the platform fro which he was feeding sheave broke and threw him into t blades of the machine His l leg was mutilated before could be released and he d soon after being taken to t Pottstown Hospital

Pomona Grange Pla Picnic on Aug. 18

Lancaster County Pomo Grange No. 71 will hold its a nual picnic at Oakryn Hall Sa urday evening, 7 30 p m., Au 18

A short business session wi follow Those attending are re quested to bring a basket lunc for the picnic, according to Mr S. Ralph Wanner of R2 Narvon

The world has always had i dividuals able to answer all th questions involving mankin but fortunately the people ha been too smart to listen to them



Background Scripture: John 13:3-15, 34-35; I John 1-2:17; 2 John; 3 John. Devotional Reading: Philippians 2:1-11.

Fellowship

Lesson for August 12, 1956

THE word "fellowship" is batted around a good deal without people's always knowing just all that the word can mean. When some men use the word they may mean no more by it than lunching in the same place with other men of about the same age and salary bracket, once a week, calling one another by their first names and in general acting as jolly as possible. This is some distance off the meaning of the same word "fellowship" as we find it in the New Testament. There it is a very important word. Indeed it sums up all that the Christian church is and ought to be at its best.

Dr. Foreman

With God

Fellowship,—the word, that is—even among Christians can be misunderstood. It is not just the same thing as "sharing." Some forms of sharing, or what goes by that name, are not fellowship at all The writer was in a meeting once where a good deal was said about sharing with the needy of the city and in other lands. Toward the close of the meeting it came out what was being planned: an old-clothes drive. Everybody present was exhorted to go through his or her attic and closets and find clothing, hats and what-not that wouldn't be used again, and to have these ready on the porch when the boys came by for it. Of course that was not real sharing at all, it was only a scheme to get rid of some fire hazards, to tidy up for full housecleaning Real sharing always involves giving up something which one would otherwise have been glad to use. But even real sharing may not be fellowship as the New Testament has it,—not as our Lord and the beloved John meant it and practiced it A traveler can share a seat on a bus when he would much rather sit alone. Fellowship is sharing-with-love, it is a sharing love.

With Man

It is a striking fact that although John is writing to and about the Christian church, he writes two of his three letters without ever using the word. Perhaps it was too cold and formal a word for him, although Paul loved the word "church" and so may we. But John did not want to be misunderstood So he uses simple words like "God's children," "brothers." The church is the place for fellowship among God's children. In a real church, there is bound to be a closer, dearer tie between Christian and Christian than there can be between persons outside the church, or between Christians and outsiders. What brings Christians together in the first place is not simply themselves as human beings. It is their fellowship with God It is because they are so close to him that they become close to one another. Now fellowship with other Christians in the church again more than sharing Even on the sharing-level, how much of it is done in the typical church? What do "members" of the same church share? Pews, hymnbooks, the same sermons, preacher, potato salad at church suppers? All this may be the doorway to Christian fellowship, but still not quite it Two people can sit at opposite ends of the same pew, and eat out of the same salad bowl, for years on end, without ever finding out what real fellowship means. It is only when they really share the love of God when together they let his love flow through them in joyous service in his name, that they discover Fellowship.

Learning How

Christian churches would wither without Christian homes. Little children learn lessons in living first at home before they learn in Sunday school or church. Father, mother and children can learn together what Christian fellowship is, and if they do, they will know what the preacher is talking about. If they do not learn at home, the minister, and the Bible, will seem to be talking in a strange language. Actually, there is not a great deal of time to practice fellowship in the church. Maybe one spends five hours a week there; it's more than most do. But there are 168 hours in a week; what about the other 163? If the church is the lecture-room for fellowship, the home is the laboratory. The Bible tells us that it will work. Home is where we can find out how right it is.

RD Cause of ncern Among oultrymen

espiratory troubles, while so prevalent in spring as in ter, are still a cause for con- n among poultry raisers. se conditions as a group bably cause more loss than other type of poultry dis- .

espiratory diseases include ctious bronchitis, Newcastle ase, laryngotracheitis, and l pox These are all virus ases and are preventable by cination Even though some not occur often during ingtime, vaccination should done early to prevent damage h now and later.

CRD Is Complex

CRD — sometimes called air- disease — is a complete dis- e Caused primarily by a us or a pleuropneumonia-like ganism (PPLO), it is usually mplicated by secondary or- isms which may cause onic infection in the internal gans.

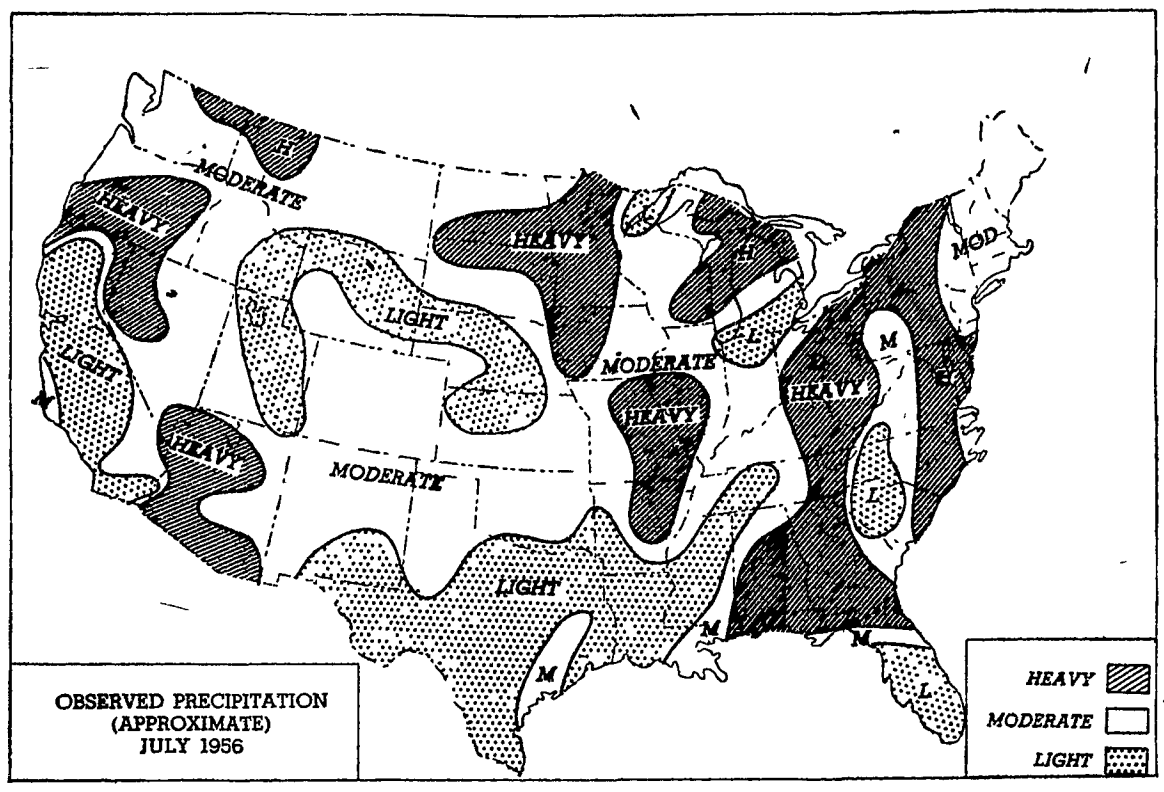
Because of its complex na- e, CRD is hard to prevent he best prevention at present seems to consist of obtaining stock from disease-free parents and maintaining a careful management program, including good sanitation and avoidance of stress situations.

Stresses — sudden changes in temperature, in feeding, in moving, debeaking, vaccination, or even disease — frequently trigger CRD in a flock. When stress situations may be expected, it is helpful to bolster the birds with extra antibiotics and vitamins, either in the feed or the water.

Treat CRD With Drugs

Antibiotics have been shown to be effective in reducing the mortality from CRD, as well as in maintaining feed consumption and weight gains. These drugs may be given in various ways — by injection, by spray or dust, or in the water or feed

Precipitation–Preceding 30 Days



This chart shows the general nature of the total precipitation which fell during the preceding 30 days. Precipitation is expressed in three classes: light, moderate, and heavy, and the precipitation amounts which determine these classes are obtained from an analysis of many years of record at many stations.

Richard Hess Tops Judging

(Continued from Page One)

"husbandry — self reliance — is most beautfully expressed in Lancaster County."

Speaking of milk and its market, he said the Holstein breed is nearest in balance to demands of the milk buying public. "Every breeder, every dairyman, must interest himself in the marketing of the products of his machine; all agencies must unite . . . This is an advertising, promotion conscious world; we must look carefully to the demand for our product or our industry will fail.

He jointed to three inheritances of the milk industry, homogenization which eliminated the "cream line," the nonreturnable container, the $42 million milk vending machine sales of last year, and the unbelievable change in food habits of Americans, which shies away from all food suspect of building fat.

Entertainment was provided by the Kreider Quartet, and a demonstration of haymaking procedures was given by Robert Kreider, R1 Quarryville, and Linda Mumma, R1 Manheim. The association presented a $75 check to Victor Plastow, assistant county agent, to help the prize monies fund of the recent 4H Roundup.

Max M. Smith, Lancaster County agricultural agent, suggested particular attention be paid the Pennsylvania Hay Show, the five district hay shows, and the show at Hershey Aug. 23-25. Warnings were issued on internal parasites.

Chairman of the event was Elvin Hess, Jr., president of the association.

Other judging contest winners, Women. 1, Mrs. Robert Kauffman, R1 Manheim; 2, Mrs. Ernest Mellinger, R1 Ronks; 3, Mrs. Ira Welk, R1 Strasburg; Youth 1, Pammell Lyons, Hess Blvd., Lancaster; 2, Donald Welk, R1 Strasburg; 3, Clarence Weaver, R1 New Holland; 4, Evelyn Mellinger, R4 Ronks, 5, Helen May Book, R1 Ronks; 6, Richard Shelley, R1 Manheim, Adult class: 1, Richard W. Hess, R1 Strasburg; 2, Jacob Houser, Jr, Lampeter, 3, Melvin Piper, R1 Willow Street; 4, Clyde Balmer, R1 Stevens, 5, Clyde Carl Diller, Refton; 6, Park Ranck, R1 Ronks; 7, John Metzler, R1 Christiana, and 8, Raymond F. Witmer, R1 Willow Street.

McMillen Feed Dealers Distribute New Poultry Feeds

A complete new line of poultry feeds for broiler, layer and breeder flocks, and for turkeys, is now being distributed to farmers in Lancaster County by McMillen Feed Mills.

Manfactured by McMillen Feed Mills, the new feeds are being marketed under the usual Master Mix Trade name, but carry the additional name of "Calorized" These feeds are reported to produce more eggs from less feed when fed to broilers and market turkeys

Basically, the Calorized Feeds are high protein, high energy and low fiber formulas

Tomatoes Roll Into Stations;

(Continued from Page One)

which has been erroneously reported in past years

Approximately 2,000 acres are under cultivation for the Rawlinsville operations The yield is running about 60 baskets to the ton, and farmers have been receiving an average of over $100 per ton

For Shipment South

At the packing stations the matured tomatoes are washed waxed and graded, then packed in 60-lb bulk containers and loaded directly into trailers ready for shipment to Georgia, Florida and other points Nearly 50 women and men are employed at the Rawlinsville plants.

PROCESSED POULTRY

PHILADELPHIA AUG 8 — (USDA) Processed poultry ready to-cook (ice packed) young chickens barely steady. Demand fair Buyers had wide selection as offerings were quite liberal from distant producing areas. Prices paid delivered warehouse, Philadelphia (Cents per lb)

Grade A & U S Grade A, 1½ 1¾ lbs 32½-33, 2-3 lbs 33-34½, mostly 34

Capons steady Adequate supplies were available for the good demand Prices delivered warehouse 4½ lbs and up 42 cents

---

The cotton picker who described watermelon as one of the three best things in the world, all starting with "W," might have something.

The green tomatoes will eventually be pinked and ripened in temperature and humidity controlled rooms, repacked, and sold to various chain food stores throughout the country

Checking in Tomatoes

Tomatoes pour into receiving stations all over Southern Lancaster County. Here a truck is unloaded at the plant on the Park Eshelman farm near Rawlinsville (Lancaster Farming Staff Photo).

Address all inquiries to "It's the Law," LANCASTER FARMING Quarryville, Pa. (Fictitious initials will be used to protect the identity of the questions).

* * *

Q Can a hunting club which is incorporated fine or reject a member if he has not participated in the hunt for three or more years? I am part owner of the cabin and grounds and have personal property there the year round. W B.N.

A. It is impossible to answer your question without a thorough knowledge of the club by-laws. If there is a provision in the by-laws providing for the fining or expulsion of a member or non-participation, it is probable that this procedure could be accomplished by the club. Whether or not this would have any effect on your property rights in the cabin and on your personal property left on the club grounds cannot be determined without examining the bylaws. It would be well to discuss all the facts with your attorney who can then advise you as to your rights.

* * *

Q What is the legal standing of a home owner in a case where a leaking automatic hot-water boiler completely ruined rugs and various furniture in a basement? The company furnished a new boiler and admitted it leaked due to a defect. The home owner paid for installation of the new boiler.

A. Damages for breach of warranty include all losses which naturally and probably resulted from the breach, or defect in the goods sold. It would appear that you have a cause of action against the supplier for the damage to your rugs and furniture, and you should press this claim immediately However, it may be that you waived these damages by accepting a new boiler and paying for its installation. All pertinent details should be discussed with your attorney promptly.

Farm Surplus Nil in Decade, Horst Advises

With annual increases in population and decreases in tillable acres, there is little chance such

MILES HORST

a thing as a farm commodity surplus may exist within 10 years

Such is the forecast of Miles Horst, special assistant to U S Secretary of Agriculture Ezra Taft Benson An annual population increase of three million against an annual loss of a million tillable acres to housing developments and factories will bring the problem of surpluses to the vanishing point, Mr Horst said.

The former Lebanon County resident, once Pennsylvania State secretary of agriculture, addressed a group of 250 farmers attending the 30th anniversary celebration of the L. J. Denlinger feed merchant establishment in Paradise Saturday afternoon.

As a surprise feature of the meeting, Aaron H Denlinger was presented a citation award by McMillen Feed Mills, which termed him "an outstanding master feed merchant"

Others speaking included Bill Wilson of Hubbard Farms, Inc., on poultry management; Charles Dietrich, Willow Street, representative of McMillen, and Robert H. Rife, district sales manager for McMillen, who made the award to Mr Denlinger.

We have never yet seen a minister beat up one of his congregation in church, so the fear of physical abuse need not keep you from attending church.

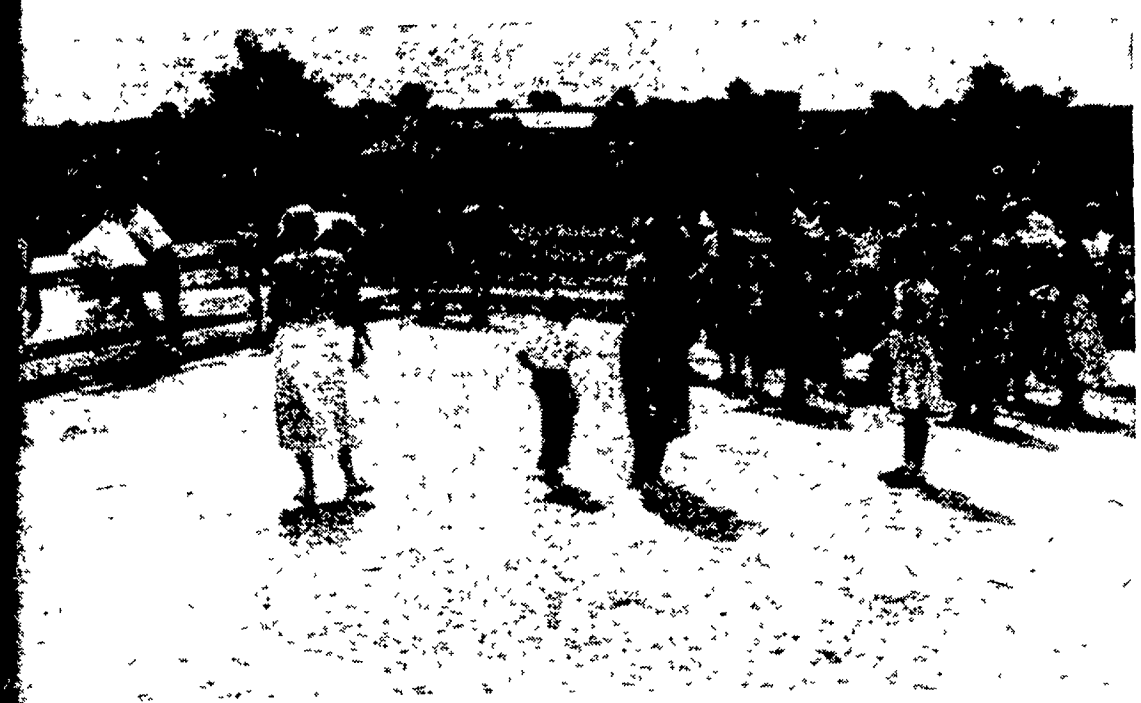
The Women Have Their Day



One of the highlights of the Lancaster County Holstein-Friesian Association field day at the J Mowery Frey Farm on R7 Lancaster Tuesday was the ladies judging contests. Here is shown a group making selections. (Lancaster Farming Staff Photo)

Comparing Notes at Frey's

White fences, black and white dairy stock — a bountiful picnic lunch, and an excellent herd upon which to practice judging. Such was the welcome at the J Mowery Frey Farm near Lancaster Tuesday at the field day af the Lancaster County Holstein-Friesian Assn. (Lancaster Farming Staff Photo).

Farm Prices

From June 1st, the prices of farm products had jumped eight per cent In the last five months, recovered to the levels of a year ago A three per cent increase between mid-April and mid-May—the largest for a single month in some time—was reported recently by the Agriculture Department However, the mid-May level still was 22 per cent below the high point reached in February, 1951.

CHANGE APPEARANCE

To make tall, narrow windows look wider, use extension rods which allow draperies to hang out on the wall, Doris L Snook, Penn State extension home management specialist, suggests.

J. Elvin Hess Holstein Wins Garden Spot

Keen competition between exhibitors paralleled eager interest among spectators at the Annual Cattle Show sponsored by the Southeastern Penna. Artificial Breeding Cooperative Thursday, Aug 2, on the grounds of the Cooperative A record number of 232 animals were paraded by 103 exhibitors vieing for blue ribbons and top money

Concurrent with the new high set in the number of exhibitors and animals was a new high of 1,350 spectators attending the show An unusually high percentage of these people took this opportunity to tour the laboratories and offices of the headquarters Particular interest was shown in the new IBM punchcard system recently set up in the SPABC office to more efficiently handle the records of the more than 14,000 members of the Cooperative.

Ocker Ayrshires Win

Both top honors in the Ayrshire Breed were taken by John E Ocker of Shippensburg, Pa., who paraded Bellboy's Nancy's Ann to the judge's fancy winning Senior and Grand Champion and Major Rosalie to win Junior Champion.

Loy N Orndorf of Littlestown won Senior and Grand Champion Brown Swiss honors with Loyetta a three-year-old cow Ritterlea Genesis Becky Lea won Junior Champion for Ritter Brothers of Carlisle, Pa

Senior and Grand Champion Guernsey honors were won by Daniel Harris' Penn Manor Farm of Newark, Del, with seven-year-old Berkley Lady Gloria Ulster Alexander's Delight, a proud Junior Yearling strutted to the judge's liking to win Junior Champion of the Guernsey Breed

72 Junior Heifers

Real competition loomed up before the judge among the 72 heifers in the Junior division of the Holstein Breed However, Junior Champion honors were snagged by Marilyn Rae Newlin of Grantville with her Senior Yearling, Newburn Admiral Lucille Stiff competition continued through the senior division of the Holstein Breed until the Judge gave the final nod of Senior and Grand Champion Holstein to J Elvin Hess of Strasburg, for his Wye Oak Lauxmont Belle

John Stiles & Sons of Mt. Airy, Md, exhibited the Junior Champion Jersey — Roseland Czar Helen. Senior and Grand Champion ribbons and money went to Chas T Wollaston of Toughkenamon, Pa, when the Judge moved his King Maple Lawn Daffy to the front of the line in the Jersey finals.

Official Judges of the show were John Morse of the University of Maryland and Paul Misner of Newtown, Pa Both men are known internationally for their judging abilities.

VEGETABLE TRAY

For a raw vegetable tray, try beet strips, carrot curls, cauliflower flowerets, celery strips, green onions, and lettuce wedges, suggests Marjorie J Wormeck, Penn State extension nutritionist.

For the Farm Wife and Family

As we promised last week, we still have several letters to acknowledge, and we'll start off with one from Terwood Road, Willow Grove, Pa., Mrs Arthur (Betty) J. Shreffler.

"Our family has been reading used copies of your splendid issues since Lancaster Farming began. My father is a subscriber, B. H. Burkholder, R1 Bainbridge, and he so kindly shares with us. Although the paper is 'old' by the time we receive it, we enjoy it very much. After the months of this routine, I think it's about time you place us on the mailing list—enclosed is $1.00 cash. Thank you kindly.

* * *

"Also, I'd like to pass on a favorite receipt of ours, and know many others can enjoy it too, especially since 'green bean time' is here

BAKED GREEN BEANS

One quart cooked greed beans
One can (10½ oz) mushroom soup
One-half cup milk
One teaspoon salt
One-half cup buttered bread crumbs

Place cooked, drained beans in greased baking dish Dilute soup with milk and pour over beans Season. Cover with buttered bread crumbs and bake at 375 degrees for 30 minutes This will serve six generously

MAST Saw and Knife Service

605 Marietta Ave.

Lancaster Ph. 24291

Free To Women...

One year charter subscription to LANCASTER FARMING to one housewife each week who submits the best letter . . . recipe . . . homemaking hint. Send your letter to LANCASTER FARMING, Quarryville, Pa.

"Thanks again," Mrs. Shreffler adds, to which we may add too, "Many thanks"

* * *

For some time, one of our most faithful readers has been Violet Preston of Coatesville, and as I promised last week, we'd start off with a letter from her, and one answering one of her earlier ones:

"I have moved to an apartment now, and my new address is 621 East Lincoln Highway, Apt. 10, Coatesville, Pa It's very nice here Please ask some of your people if they will send clothing packages I requested earlier to my new address About the old clothes, I can sew here and fix anything they send. I have received some packages so far, but wish I could hear from some more. I thank you very much for what you have done.

* * *

Mrs Preston also enclosed a recipe, one for

RHUBARB PIE

Cut rhubarb in the morning, or if you purchase it, always keep it in a cool place until ready to cook it Strip off the skin, and cut into pieces about an inch long Stew in just enough water to prevent its burning. When cold, sweeten to taste Cover the pie plates and roll the upper crust about one-half inch thick. Cut into strips an inch wide, and after filling the plate with rhubarb, place four cross-pieces on the rim Bake one-half hour.

* * *

"This is from the 1872 cookbook I mentioned earlier, and it is very good. My grandfather gave me the cookbook when I was a girl. If there are any good receipts anyone wants, I will give it to them if they write me.

* * *

Now from Coatesville to Manheim, and a letter from Mrs Harry Lehman, R2, who writes.

"I have received a few copies of **Lancaster Farming** in the mail and enjoy reading it. I saw in the July 13 issue that Mrs Preston is collecting clothing for needy families Could you give me her address? Maybe I could help her a bit

(Mrs. Lehman, your answer is in the earlier paragraphs, and we're happy to help you—and others—make connections like this in this column).

"In the July 20 issue, I saw that you wanted a receipe for cole slaw Well here is one which we like very much, instead of using vinegar, however we use lemon juice.

* * *

COLE SLAW WITH LEMON JUICE

Take one small head of cabbage and grate it.
Juice of one lemon
One-half cup water
Pinch of salt
Sweeten to taste.

Pour this over cabbage and mix well. A little green pepper mixed with the cabbage is also good.

For those that like a little coloring in their cole slaw, I suggest you put a drop of yellow coloring in.

* * *

Here, Mrs Lehman adds, is also a recipe for

CANNING PICKLES

Two cups vinegar
Four cups water
Two tablespoons sugar
Three-fourths tablespoon salt

Bring to a boil, and add your pickles Boil until pickles turn color, just a few minutes. Put pickles in jars and add syrup while boiling. Seal jars at once.

* * *

Here's a recipe we've wished for quite a while and one I'm sure many of our out-of-state readers will enjoy, once they try

CANNED SPICED CANTALOPES

Two and one-fourth cup sugar
Three cups water
One and one-half cups vinegar
One teaspoon salt
One drop cinnamon oil

Boil this syrup and cool. Peel and slice cantalopes Place in jars and fill to within one inch of top with syrup Seal and cold pack one-half hour.

Makes ten pints.

* * *

Thanks, Mrs. Lehman, for adding to our collection something new.

* * *

Here's a nice list of recipes from a modest reader up East Earl way

"I'm sending two receipts which we are very fond of. When you publish these receipts, please do not use my name, just the initials, Miss EH.

* * *

To this reader, whom we can't identify by name in these columns goes free a year of **Lancaster Farming** for her receipes

MARASCHINO CHERRY CAKE

One-half cup shortening
One and one-half cups sugar
Three cups sifted cake flour
Three teaspoons baking powder
One-half teaspoon salt
One cup maraschino cherry juice and water mixed
One-half cup chopped nuts
18 maraschino cherries cut fine
Five egg whites

Cream shortening and one cup sugar. Sift two and one-half cups flour, baking powder and salt together. Add cherry juice and mix. Mix nuts and cherries with the remaining half cup of flour. Fold in. Last add stiffly beaten egg whites and one-half cup sugar folded in.

Bake at 375 degrees for 25 minutes.

Ice with Seven Minute Frosting and decorate with maraschino cherries.

* * *

This cake is very delicious and its stays very moist. This also makes a good white cake. Take a cup of water instead of the maraschino cherry juice and one teaspoon of vanilla.

* * *

Another recipe from East Earl for

RHUBARB BUTTER CRUNCH

Combine:
Three cups diced rhubarb
One cup sugar
Three tablespoons flour

Hosts at Holstein Field Day

Speaking for his wife and himself, Mowery Frey here welcomes the hundreds of visitors at his farm Tuesday during the Lancaster County Holstein Breeders Field Day. His wife looks on, while standing near the lectern is Elvin Hess, Jr., association president. (Lancaster Farming Staff Photo)

POSTOFFICE DEPARTMENT

The Postoffice Department is losing at a $1,000-a-minute rate according to the House Post Office Committee, which is asking for higher postal rates to make up the deficit, The average annual deficit of the Department is about $460 million, acording to the committee which has approved a bill to raise rates on first, second and third class mail

Crumbs for top:
One cup brown sugar
One cup raw, rolled oats
One and one-half cups flour
Cut in:
One-half cup butter
One-half cup shortening or all shortening

Bake at 350 degrees for 45 minutes.

* * *

Seems we had promise of recipe for a three-hour salad or something similar a few days back, at least every half hour another phase of salad making is completed. Sounds complicated for one who likes tossed salad, where garlic has soaked in wine vinegar and olive oil a day or so, plenty of tomato, plenty of onion.

* * *

Tomato season's here. What recipes have you for using them? Best way, I think, is cold, sliced—or sometimes combined with raw, sliced onion rings Who has one for fried tomatoes? Or Green Tomato Pie?

* * *

One of our recent winners writes, "Love to read your paper, and thanks a lot for my free gift."

* * *

Mrs. Quinten F. Zwally of R2 Ephrata answers another request, but let's put is in her words:

Have been receiving Lancaster Farming for quite a few months. We enjoy its pages pictures. As for myself, I go first to the page for the Farm Wife and Family.

For Farm Women . . .

(Continued from page eight)

Seeing that Mrs. A. H Shisssler of R3 Elizazzgeztzhzzztozwnzler of R3 Elizabethtown requests a Molasses Coconut Pie recipe, I wonder how this one will do?

MOLASSES COCONUT CUSTARD

Two tablespoons flour
One-half teaspoon soda
One cup sugar
One cup table molasses
Two eggs
One cup milk
One-half cup cream, sweet and sour
One cup grated cocoanut
One unbaked, nine-inch pie crust

Combine flour, soda, sugar. Mix with this the molasses and eggs. Add milk, cream and cocoanut, stirring after each addition. Bake in pie shell for 50 minutes at 375 degrees.

* * *

How about getting ready to French Fry eggplant? These are delicious made with bread or cracker crumbs, Mrs Zwally adds

FRENCH FRIED EGG PLANT

Pare, cut eggplant in one-half inch strips

Roll in seasoned flour, that contains pepper and salt to taste

Dip in one beaten egg with two tablespoons milk

Roll in crumbs (bread or cracker).

Fry in deep fat, 380 degrees. Serve with catsup.

* * *

Back to cole slaw again, we have another letter with cole slaw recipes from Mrs. E. R. Root, R3 Ephrata:

I see in your paper you would like a sweetened vinegar dressing for cole slaw. Here is one we like very much:

SWEETENED VINEGAR DRESSING FOR COLE SLAW

One cup vinegar
One cup granulated sugar
Salt and pepper to taste
One medium head of cabbage

Shred cabbage, pour dressing over the cabbage and press lightly with your hand. If you need more dressing, just take as much sugar as vinegar. I use this recipe for canning red beets, chow chow or pickles.

* * *

A few other notes from Mrs. Root: I like your paper very much. The first thing I look for is the page where the recipes are on. I also made the Black Joe Cake sent in by Mrs. H. S. Keifer, R3 Ephrata. It is very good. I will send some more recipes in later.

* * *

We're glad to have another letter from Mrs Keifer this week, so here it is:

In answer to Mrs. King for Snow Flake Pudding, I do not know if this is what she is looking for, which I call it a

SNOW PUDDING

Heat

One pint water
One cup granulated sugar
One teaspoon vanilla

Mix two tablespoons cornstarch in a little water, add a little salt, and vanilla. Boil one minute Take off stove. Fold in whites of three eggs beaten. Pour in dish, let stand to cool off.

Top part

Heat one and one-half cups milk (sweet)

One-half cup granulated sugar

One tablespoon cornstarch

Yolks of the eggs and flour. Pour on top of the rest.

WHITE COCONUT CUSTARD
(Mrs. H. S. Keifer)

Heat one and one-half pints milk

One cup granulated sugar

Mix

Two tablespoons corn starch in little water also

Two tablespoons light molasses

Boil one minute

Take off stove, add the beaten whites of three eggs

Place one-half cup coconut on top, or mix the coconut in the boiled mixture, which is good also I prefer some in the mixture, and a little on top too.

Pour in baked pie crust.

You know, we'd like to hear from Mrs. Shissler when she has tried some of these recipes to let us know how she liked them, which she preferred.

* * *

Keep your cards and letters coming. We surely enjoy them, so until come Friday a week, that's all until we

See you again.

50-Year Theme Meat Institute Meeting Plans

Fifty years of progress in the meat packing industry will be the theme for its Golden Anniversary Annual Meeting this year, the American Meat Institute announced today

The meat industry trade association, which represents 85 per cent of the commercial meat packing business of the United States, held its first meeting on October 1, 1906 in the Grand Pacific Hotel in Chicago

This year's meeting will run from September 28 through October 2, and will be at the Palmer House in Chicago. Even higher attendance is anticipated than last year's record

A program of special events marking the anniversary will lead off on Friday and Saturday (Sept 28 and 29) with technical sessions The Annual Dinner will take place Monday night, Oct 1, at the Conrad Hilton Hotel

In conjunction with the meeting, an equipment and materials exhibit will be at the Palmer House also to demonstrate the future of the meat packing industry as related to the past.

Dutch Dishes Featured at "Dutch Days"

Hershey, Pa —All of the traditional Pennsylvania Dutch dishes, often imitated, rarely duplicated, will be available to visitors attending the eighth annual Pennsylvania Dutch Days celebration at Hershey Park, Aug 23 through 26

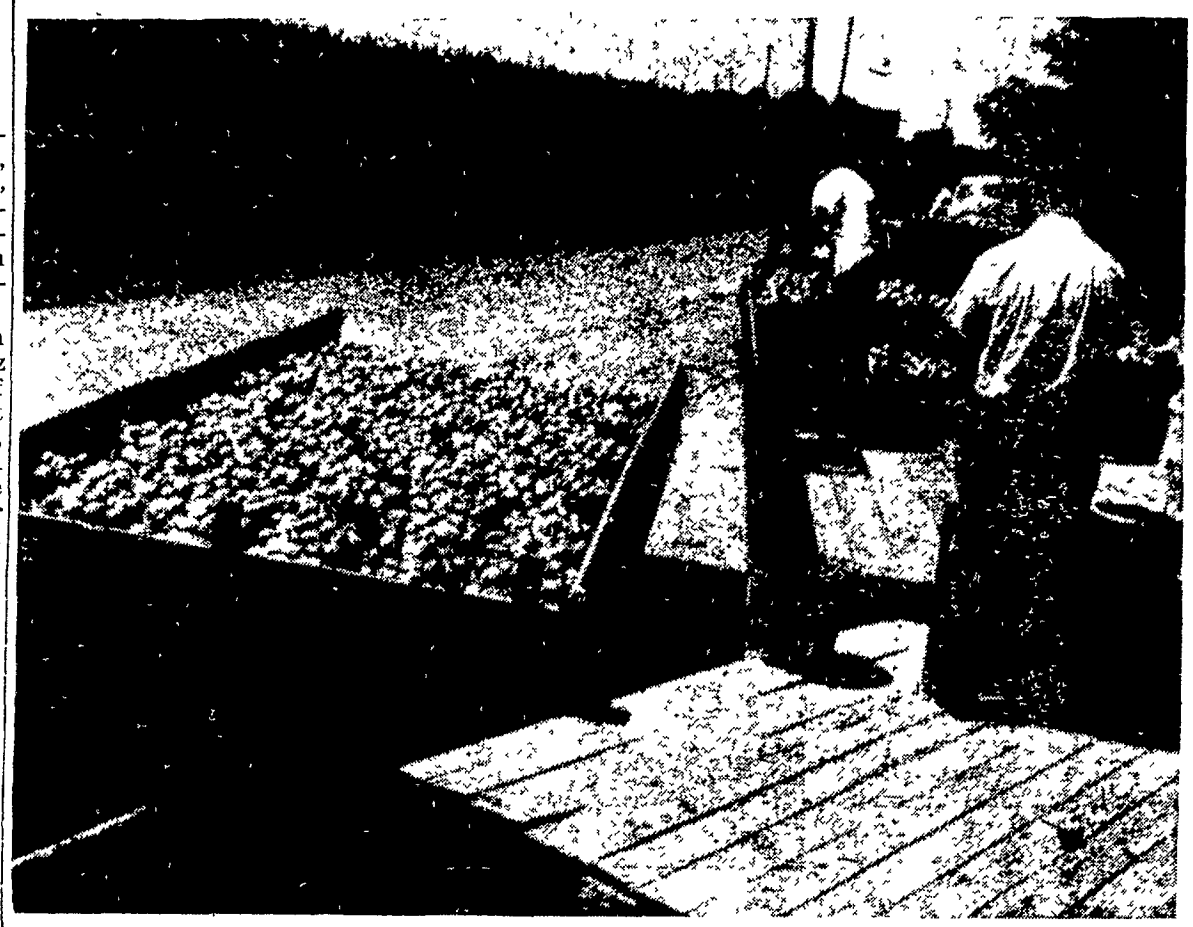
Guests will find delight in such epicurean favorites as schnitz and knepp, pot pie, and, of course, good old-fashioned roast beef and gravy In addition, there will be the popular seven sweets and sours, home made bread, smearcase, apple butter and, for desert, shoo-fly and snitz pie

Ladies of Derry Presbyterian Church and the Ladies Auxiliary of the Hershey Volunteer Fire Company will serve full course menus, while the Hanoverdale Church of the Brethren will dispense chicken corn soup and shoo-fly and snitz pie in the park itself

Baked chicken pot pie will be offered by Derry Church on Thursday and Saturday, with the fire company group featuring the same menu on Friday Schnitz and knepp will be the menu topper at Derry Church on Friday, and roast beef and gravy is scheduled as the featured dish by the fire company auxiliary on Thursday

Barbecued chicken will be served upwards of 10,000 persons at the park athletic field on Saturday, beginning at 11 00 a m by the Pennsylvania Poultry Federation. The food will be cooked over outdoor pits and served in cafeteria fashion

One Unloading, One Waiting



When tomatoes start pouring into receiving stations and packing plants, there's not a moment to be lost. While a truck (right) is nearly unloaded, a tractor-drawn wagon (left) awaits at a Lancaster County packing plant. (Lancaster Farming Staff Photo)

Cool and light colors give a feeling of more space and are used to make small, dark rooms appear larger, Bonnie Dale Sansom, Penn State extension home furnishings specialist, says.

County Seeks $840,431 For "Red Feather"

The 22 Red Feather Services of the Community Chest and the Red Cross need $840,431 next year to continue serving a growing Lancaster County population, the United Community Campaign Joint Policy Committee announced today This amount will constitute the goal of the United Community Campaign to be held in Lancaster County from October 1st through 26th and in the city. from October 8th through 26th

The $840,431 is an increase of $68,202 over the $772,229 goal of the 1955 United Community Campaign

Increased Demands

The Joint Policy Committee stated that the Boards of the Community Chest and the Red Cross based their anticipated needs on the increased demand for services due to the population growth in Lancaster County and on the current rise in prices Lancaster County population increased from 234,717 in the 1950 census to an official estimate of 248,296 as of April 1, 1954 If this rate continues, a population of over 280,000 is expected by the 1960 census The net population gain in 1955 — based on births over deaths — was the highest in the county's history and higher than the state in general or neighboring counties

The Community Chest and the Red Cross will also find it more expensive to serve this growing number of persons, the Committee declared. Food, clothing, utilities, rent and insurance costs are higher, and social agencies can hardly hold the line in meeting demands and increased costs. The cost-of-living index has been steadily rising each year, in April the consumer price index in the United States reached 114 9 per cent of the 1947-1949 average.

We Have The Resources

Martin C Dellinger, Campaign Chairman, stated today that a look at Lancaster County shows that we have the resources to reach the goal. He cited the fact that average hourly earnings for industrial employes in Lancaster County have increased from $1 18 in June of 1949 to $1 69 in May, 1956 The Lancaster general business index made a gain of 12 per cent from May 1955 to May 1956 He pointed out that of the 183 standard metropolitan areas in the United States, Lancaster County ranks 85th in population, but 12th in the United States and first in Pennsylvania in the consumer spendable income per household

"The amount of the goal was arrived at after months of analysis and conferences", Dellinger stressed.

Problems Alone Grow Worse

He explained that the Community Chest and the Red Cross drew up their own budgets Each of the 22 Red Feather Services of the Community Chest had to justify its budget to three separate community groups first, to its own Board of Directors, then, to the Chest Budget Committee, and finally, to the Chest Board of Directors. The original requests of the Red Feather Services amounted to $742,667. This was adjusted during the budget conferences to 656,973.

Two Changes Made By Eshelman Feeds

Linwood P. Beltz has joined the firm of John W. Eshelman Sons as assistant comptroller.

R. A. REED L. P. BELTZ

A native of Philadelphia, he is a graduate of Temple University. He is married and father of three children Comptroller for John W. Eshelman & Sons is R C. Heagey, who has been with the firm since March 1, 1911.

Meanwhile, Marshall M Ford has retired as head of the jobbing division, and Richard A. Reed has been appointed as his successor Mr. Ford served with Eshelman's since July 1, 1917 Mr. Reed, a native of Missouri, was owner and manager of R A. Reed Co, Corning, Ark, before coming to Lancaster County.

The world is a great place; stand on any street corner and watch the couples go by

One thing Democratic delegates to Chicago this month can count on it hot weather.

Farm Groups to Be Queried on New Civic Center

Lancaster County farm organizations will receive a questionnaire within the week on which they can give their expression of individual needs to be incorporated in the proposed Civic Center at Lancaster.

In a Wednesday afternoon meeting, committee chairmen were named, with Laverne Powell of Kirkwood presiding Representing the banks will be Stanley Musselman, County Agricultural Agent Max M Smith, Levi Brubaker, representing the poultry interests, Gerald Brenner for the Future Farmers of America, and Mrs Robert Nolt, president of the Lancaster County Farm Womens' associations

When questionnaires are tabulated, results will be presented to the Civic Center committee in September.

A lively discussion was reported, and nearly 20 organizations were represented.

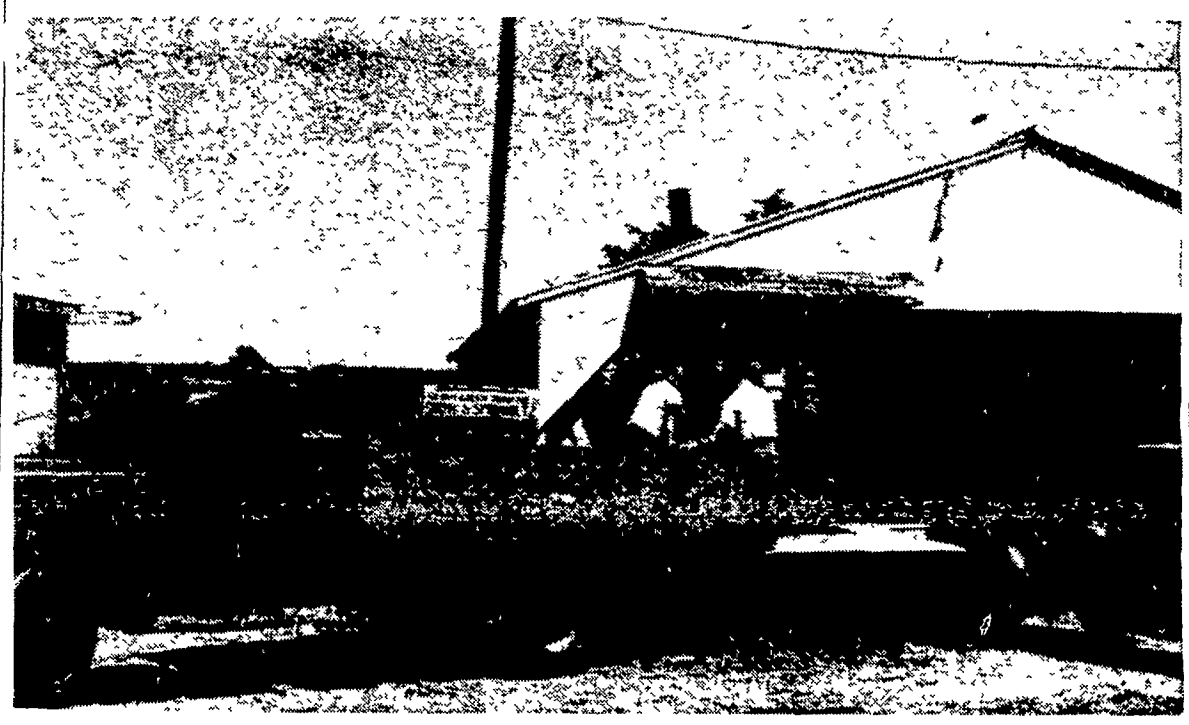
PICNIC FAVORITE

On your next picnic, take along some carrot and celery strips in a plastic bag surrounded by ice cubes. It's surprising how the family goes for this finger food, reports Marguerite L Duvall, Penn State extension family life specialist.

Washing, Waxing, Grading

Laundered, waxed and graded — the first two processes machine-done — tomatoes pass through machinery at a Lancaster County tomato receiving station. Workers hand-grade tomatoes as they pass by, and at the left baskets are full, awaiting transport to southern markets. (Lancaster Farming Staff Photo).

"We Buy Green Tomatoes"



Traffic is heavy around a green tomato buying station, and trucks may stand in line to move the perishable crop as quickly as possible. Here is the receiving dock on the Park Eshelman farm near Rawlinsville. (Lancaster Farming Staff Photo).

Christmas Trees Will Compete in 1957 Farm Show

HARRISBURG, — Christmas trees are to be displayed in competition for the first time at the 1957 Pennsylvania Farm Show here Jan 14-18 the Farm Show Commission announced today

Arrangements have been completed by the commission and representatives of the Pennsylvania Christmas Tree Growers Association whereby six varieties of trees will be judged at the Farm Show

Premiums totaling $246 will be awarded by the commission Five prizes will be offered in each of the six classes, the premiums being $12 for first place $10, $8, $6 and $5 for the remaining four places, according to Dr William L Henning, chairman of the Farm Show Commission

A state champion Christmas tree will be selected by the judges It will be displayed on a rotating platform in the west lobby of the Farm Show building, suitably decorated

"Production of Christmas trees is one of the fastest growing farm industries in Pennsylvania," Secretary Henning declared "We lead all other state in production of nursery-grown, symmetrical trees that are in such great demand It is only proper that the growers be given opportunity to display their products and show the public the characteristics of high class, quality Christmas trees The display will have great educational value"

Colorized Jamboree Held At Lititz

Eby's Mill, Lititz, recently held their Colorized Jamboree at Lititz Spring Park. The affair was attended by over 450 people, and the program included Dr J. R Wiley of Whitmoyer Labortories, musical entertainment, and colored slides of local poultry operations. Prize winners announced included Willis Geib, Paul Balmer, David Merky, Jacob Geib, Keystone Poultry Breeders, Amos Funk,, Daniel Haldeman, Haldeman Poultry Farm, Joanne Shenk, Levi Rohrer, Harold Eby, and Harold Sander Ave.

More Tenderness In Lower Grades Of Beef Sought

RENO Nevada — A University of Chicago biochemist said the meat industry is seeking new ways to improve the tenderness of lower grades of beef as a means of reducing production costs.

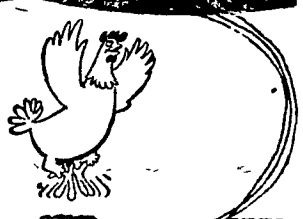
Dr. B. S. Schweigert, assistant director of research and education of the American Meat Institution Foundation at Chicago, spoke on the University of Nevada campus. He addressed the Western Division of the American Society of Animal Production and the American Dairy Science Association on "New Frontiers in Meat Research."

He said the Foundation, whose research by 55 scientists is supported by domestic and overseas meat packing companies, has an active beef tenderization program under way. It includes studies on tenderizer preparations and seeks to avoid the need for costly, wasty procedure of heavy feeding of concentrates to beef cattle

Studies also are being made, he added, which are aimed at finding better ways to preserve meats, either through irradiation or the use of antibiotics. He said results with irradiation thus far have been more favorable with pork than with beef.

Every minority has a tendency to blame the majority for its own mistakes

Avi-Tab
gives new life



For birds of any age, Avi-Tab gives new pep and vigor. Appetizing ingredients increase feed consumption, aid digestion. Trace minerals help build up run-down birds. Avi-Tab speeds convalescence after disease. Give Avi-Tab to chicks, growing birds, or layers on a monthly basis. It's easy to use — sprinkle over mash, work in lightly. Ten-day treatment costs 1¢ or less per bird. Ask for Dr. Salsbury's Avi-Tab now.

Weed Killers Lose Value in Very Few Weeks

PROGRESS REPORT — No. 47 — Pennsylvania Agriculture Experiment Station, The Pennsylvania State University, University Park, Pa.

Chemical weed killers, some of science's modern tools for soil management, do not last long in the soil after their work is done They are destroyed fairly rapidly by bacteria with no damage to soil organisms, according to research at the Agricultural Experiment Station, The Pennsylvania State University.

Where the soil is fertile, bacteria have no trouble destroying the left over organic herbicides, studies show In fact, frequent use of weed killers on good soil tends to build up bacteria which destroy the weed killers when they reach the soil With 2, 4-D and 2, 4, 5-T this destruction is rapid. Herbicides known as CMU and DNSOBP take longer to break down.

Tests of organic weed killers (herbicides) began at Penn State about five years ago Scientists wanted to know whether the new organic herbicides would destroy valuable bacteria in the soil. Research also shows there are no poisonous by-products left in the soil.

Penn State leads the nation in research of this type, according to Dr. J. J. Reid of the Department of Bacteriology. Only Penn State has published results of what organisms cause the break-down of CMU and DNSOB. Other institutions have reported studies of 2, 4-D and 2, 4, 5-T.

Documents for Foundation

Dr. Frederic Klein, right, and Atty. Louis May look over some of the original documents which will come into possession of the James Buchanan Foundation for the Preservation of Wheatland, Buchanan's Lancaster home. The collection, held in the Hiram Swarr family for three generations, has never been published. It is the only known source of glimpses into Buchanan's personal life.

New Farm Shows To Be Featured At Penna. Dutch Days, Aug. 23-26

With the addition of new farm features and the appearance by Secretary of Agriculture Ezra Taft Benson, the eighth annual Pennsylvania Dutch days celebration, to be held at Hershey on Aug. 23 through 26, will take on a state fair atmosphere.

Secretary Benson will speak at the closing event on the Pennsylvania Poultry Federation's program on Saturday evening, Aug. 25, in the Hershey Stadium at 7 45 p. m.

Of the new features announced by James E. Bobb, chairman

The show will be one of five state-wide eliminations pointing toward the Pennsylvania State Farm Show next January. The winner, who will be chosen from sixteen county exhibitors, will compete in the State Farm Show early next year.

Exhibitors will be entered from the following counties Adams, Berks, Bucks, Chester, Cumberland, Dauphin, Delaware, Franklin, Lancaster, Lebanon, Lehigh, Montgomery, Northampton, Philadelphia, Schuylkill and York.

Also new will be an exhibit by the South Penn Purebred Goat Association. The goat exhibit will open on Friday, Aug. 24, in the field adjacent to the stadium.

The dairy cattle show, which annually attracts more than 300 entries, is being continued, with judging scheduled for Thursday evening. Prize money totaling $4,000 will be offered exhibitors.

The market hog show and sale of the Dauphin County 4-H and F. F. A. groups is scheduled for Thursday, and the farm implement exhibit, a new feature last year, will be open all four days.

Recepients of gifts at our 30th year celebration were as follows:

HOSPITALITY REPAID

ERISWELL, England — Residents of the town of Salmas, Kansas, recently sent a check for $179 to the parish church of this little English village. The gift was an expression of appreciation for the hospitality extended to American service men in the area by the Eriswell villagers. The money is to be used for the church organ fund.

The reason parents often dodge the questions of children is that they have often dodged their own questions, and never thought them through to a conclusion.

$100 Million to AMI Asks for Up Farm Market

WASHINGTON — The American Meat Institute has asked Congress to emphasize basic research in the proposed government program to spend $100 million on finding new uses for farm products.

In a statement in support of S 3503, a bill put in by Senator Homer Capehart, Indiana Republican, the Institute stressed that agriculture is spending about twice as much as in 1940 for applied research Industry, however, is spending about 12 to 15 times as much, it was added, and national defense thousands of times more.

Hess Holstein Tops Two Shows In But 2 Days

Elvin Hess, R1 Strasburg, walked off with double honors last weekend when his Wye Oak Lauxmont Belle moved into championship of both the SEPA-BC dairy cattle show Thursday and the next day to grand championship of the Southeastern Pennsylvania District Black and White Show.

A total of 126 Holsteins were entered, a record for the event.

Junior championships went to a 4-H entry, to Miss Sandra J Rutt R1 Stevens, daughter of Mr and Mrs. George A. Rutt, on her junior yearling heifer, Sovereign Garwood Darky Elaine. Another simultaneous honor went to Miss Rutt as her entry was named grand champion of the Lancaster County 4-H Dairy Club Roundup at the same time.

In one sense, the Friday show at the spacious SEPABC grounds served as an elimination contest for the State Black and White Show Sept. 21 in Harrisburg, and for 4-H showmen in the Southeast District 4-H Dairy Show Aug. 29-30 in the Guernsey Sales Pavilion.

Other champions included Miss Florence Mae Florry, R3 Manheim, grand champion Ayshire, Mountain Valley Gaiety King, Guernsey champion, Reba Bushong, R2 Columbia, Har-Len A Margie, senior yearling; reserve Guernsey champion, shown by Robert Mumma, Landisville; grand champion and reserve grand champion Holstein, a junior calf shown by Paul Trimble, R1 Quarryville; reserve Ayrshire, to Joan S. Paes, R1 Strasburg.

Top showman was Miss Florence Mae Flory, and winning the fitting award was Miss Barbara Ann Keener, R3 Manheim.

LAWRENCEBURG, Ky. — What was once Deputy Sheriff Herbert Phillips' garage is now a "tunnel." Phillips, driving his car into the garage, caught his foot under the brake pedal and the car went through the back wall. Fortunately, the car was not damaged.

DOG RIDES ON TOP

BEAVER, Utah — Tex, the 6-year-old Labrador - German Shephard dog belonging to Frank Gentry, refused to ride anywhere except on top of Gentry's automobile. The dog used to ride in the open when the Gentrys had a pick-up and switched to the car top when Gentry switched to a car. Tex has ridden on top at speeds of 70 miles an hour, but he refused to ride outside if it's raining or snowing, or if the metal car roof is the least bit slippery.

Oct. 20—Mrs. Cora Weber, between Mt. Airy and Middle Creek Road, real estate, farm implements, household goods.

NOVEMBER

Nov. 10—Kansas K. Ecenrode, between Galen Hall and Blainsport, real estate, farm implements, household goods.

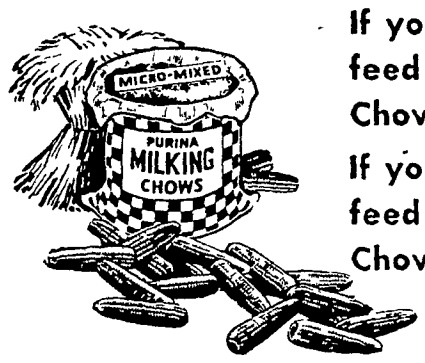
Now is the time for MORE MILK PROFITS

There's money in milk . . . for the man who gets high production per cow. And right now is the time when milk prices usually are best for the year. So why not start feeding for MORE MILK PER COW. For this job, more dairymen feed Purina Milking Chows than any other feed. We don't say you'll get more milk overnight. Feed Purina for several weeks. Keep a record of the number of cans you fill a day. We believe you'll soon agree . . .

PURINA IS THE FEED FOR MILK PROFITS



If you have no grain, feed a complete Chow.

If you do have grain, feed it with a Cow Chow Supplement.

SPRAY COWS ONLY ONCE A WEEK
with Purina Dairy Spray Concentrate. Helps keep flies away in the barn and on pasture. Costs only pennies per head.

You Can Change
NEW OLIVER TRUSS FRAME PLOWS
in Size and Cutting Width

Both these new Oliver truss frame plows—the 2-3 bottom No. 4240 and the 2-3 bottom No. 3240 for 3-point hitches—are *convertible*. Add a bottom, take one off—or set them to cut 12, 14 or 16 inches—to suit field conditions, to fit your power. You can do it yourself easily—in a few minutes.

Both have extra-big passageways for trash—greater clearance beneath the beams, more furrow turning space. Come in and see for yourself. See the constant lift, Raydex trip-spring bottoms that release, ride over objects. No damage, rehitching or recoupling.

Engineers' Group Plans Exhibit Of Steam Threshers

The eighth annual reunion of the Rough and Tumble Engineers Historical Association will be held on Aug. 16, 17 and 18 at the Young Company, Kinzer, on U S Rt. 30 in Lancaster County

A feature of this reunion will be a large display of steam engines, many of them still in operation, which were used extensively for threshing and sawmilling many years ago.

Threshing contests will be held during the three-day affair, as well as a hobby show

A memorial service will be held on Saturday, Aug 18, at 10 a m for the late Arthur S. Young, Kinzer, who formed the association.

The association has been incorporated and plans are underway to erect a building for the permanent display of the old steam engines

Officers state that this will be a living memorial to the late Mr. Young.

By Tractor, By Truck

As the 1956 Lancaster County tomato crop moves into receiving stations and packing plants, motive power of all kinds is used in this speedy business. Here a tractor-drawn wagon awaits unloading at the Smith & Sponholtz station near Rawlinsville. (Lancaster Farming Staff Photo).

Dallas Trucker Wins July State Safety Award

HARRISBURG — Eighteen years of safe truck driving and 1,150,000 accident-free miles have today won W. Frank Gosart of Dallas, Pa, the Pennsylvania Motor Truck Association's Driver of the July Month Award and a personal "thank you" from Governor George Leader.

In a ceremony in the Governor's office, Gosart was awarded a gold lapel pin and the PMTA citation attesting his driving ability and safety record. Governor Leader thanked Gosart for his personal contribution to safer highway operations and lauded him as a good citizen. Both Gosart and his wife received watches from Mushroom Transportation Company of Philadelphia, Gosart's employer.

Gosart accounted for 850,000 miles of his record during the past 14 years as an employee of the Mushroom Transportation Company. During this period he drove a tractor semi-trailer in over-the-road service between Williamsport, Pennsylvania and Buffalo, New York with no accidents Previous to this, Gosart was employed for four years by M & G Convoy, driving a car carrier out of Buffalo and added 300,000 more safe miles to his record.

New "Farm Maid Of 1956" Crown Will Be Awarded At Reading Fair

A concerted drive to procure entries for two "open-to-the-world" contests at the Reading Fair has begun to bear fruit. The fair, one of Pennsylvania's largest, operates from Sept. 9 to 16.

In a new competition to select America's "Farm Maid of 1956," the first entrant is 18-year-old Helen Hollenbach, Strausstown.

The "Miss Reading Fair" beauty contest, now in its 11th year, has attracted three early candidates. They are:

Mary Jane Mangler, Philadelphia, 18-year-old professional tap dancer, who is "Miss Philadelphia of 1956;" Harriet L. Krauss, Spring City, 21-year-old stenographer, Evansburg; and Eileen S. Dotterer,16-year-old 11th grade student at Wilson High School, West Lawn.

Although both contests are open to single and married women anywhere in the world, none of the early entrants is married.

Must Live On Farm

One of the provisions of the Farm Maid competition is that contestants must reside on a farm and Miss Hollenbach's entry states she is a resident of the Blue Mountain View Farms.

Purpose of the farm maid contest, a new feature at the fair, is to find a farmerette between the ages of 16 and 25 who has superior skills in three phases of farm work: needlework, pie baking and hand milking.

Official entry forms for both contests now are available at the Reading Fair office, 522 Court St., Reading, Pa. Only age restriction in the Miss Reading Fair beauty contest is that girls must have reached their 16th birthdays by Sep. 1, this year.

Closing date for entries in the Farm Maid competition is Aug. 31; in the beauty contest, Sept. 1.

As a general rule, it is extremely difficult to settle the problems of peoples living hundreds of miles away, although many of us continue to try it.

Lancaster County Ranks Among Top Ten in Total Cattle, Calf Sales

Despite the fact it is pitted against the cattle-producing counties of the California range, the Arizona flatlands, and Colorado's mesas, Lancaster County in 1954 placed ninth in the total number of cattle and calves sold, with total value of $18,843,548

Even the Sand Hills of Nebraska couldn't equal the rank of the Garden Spot, for the 120,584 head sold here stood well above Cherry County, Neb, in 11th place with 115,016 The Sand Hills are noted for supplying feeder cattle to Corn Belt lots for fattening

Weld County, Colo. First

Standing first was Weld County, Colo was 297,829 — 06 per cent of the U.S. total of 44,350,808, valued at $47,996,987 Maricopa County, Ariz. was second with 213,159 worth $33,648,263 Los Angeles County, Calif, was third with 210,178 and seventh in value with $21,528,976, and famed Imperial County, Calif, fourth in number and third in value with 182,626 bringing $28,621,134

Among the top 100 counties in number of cattle and calves sold alive in 1954, twenty were in Iowa, 14 in California, 13 in Nebraska, 12 in Illinois Others standing above Lancaster County were 1, Weld County, Colo, 2, Maricopa county, Ariz; 3, Los Angeles County, Calif; 4, Imperial County, Calif, 5, Kern County, Calif, 6, Pottawattomie county, Iowa, 7, Tulare County, Calif, 8, San Joaquin County, Calif

New York County 39th

St Lawrence County, New York, standing in 39th place, was the only other eastern states county listed among the first 100 in numbers sold

Lancaster County ranked 11th in value of sales in 1954 The total U S value was $4,283,451,830

Again among the top counties in cattle and calves on farms, Lancaster County ranked 18th in number with 146,848 against a national total of 95,027,041 Cherry County, Neb. was first with 285,296, Weld County, Colo, second with 283,836, and Maricopa County, Ariz, third with 236,961

West Lampeter Plans Horse Show, Broiler Barbecue on Saturday

To raise additional funds for operating the 1956 Community Fair, the West Lampeter Community Fair, Inc, will sponsor a horse show and broiler barbecue at the Lampeter Community Grounds Saturday, Aug 11.

Chairman of the horse show committee is Robert E Good of Willow Street, and heading the broiler barbecue is Roy B Herr of R7 Lancaster First event will open at 10 a m DST Saturday

Twenty-eight classes are listed in the horse show, with morning sessions from 10 a.m to 12.30 p m, afternoon sessions from 1 30 p. m to 8 00 p m

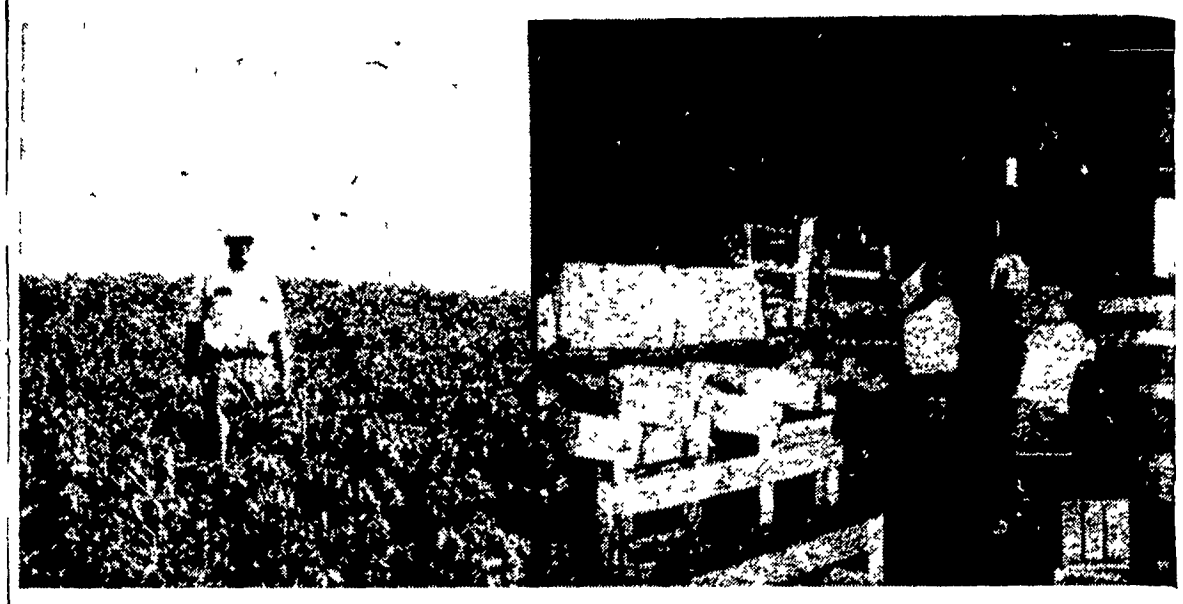
The West Lampeter Community Fair is scheduled Sept 26, 27 and 28 with a gymkhana Friday, Sept 28

Modern science can shed much light on times and conditions and even philosophies of biblical times — and must be taken into account by theologians

Angus Trophy for International

Miss Jo Ann Williams, a secretary in the offices of the American Angus Association, St Joseph, Mo, examines the Stephen Birch Perpetual Challenge Trophy which is available for presentation to the exhibitor of the Grand Champion Steer at the International Livestock Exposition in Chicago for the first time this year The cup will be awarded if the steer is an Aberdeen-Angus, and if the breeder and owner are the same The winner will keep the trophy for a one-year period, and will be given the small replica of it, which Miss Williams holds However, if won three times by the same person, the large trophy becomes the winner's permanent property. It has been donated by Stephen Birch, Jr, of Mahrapo Farms, Mahwah, N J, in memory of his father. Mr. Birch, Jr. will also donate a cash prize of $250 to the breeder and owner of the steer, which is in addition to the $250 to be donated by the American Angus Association.

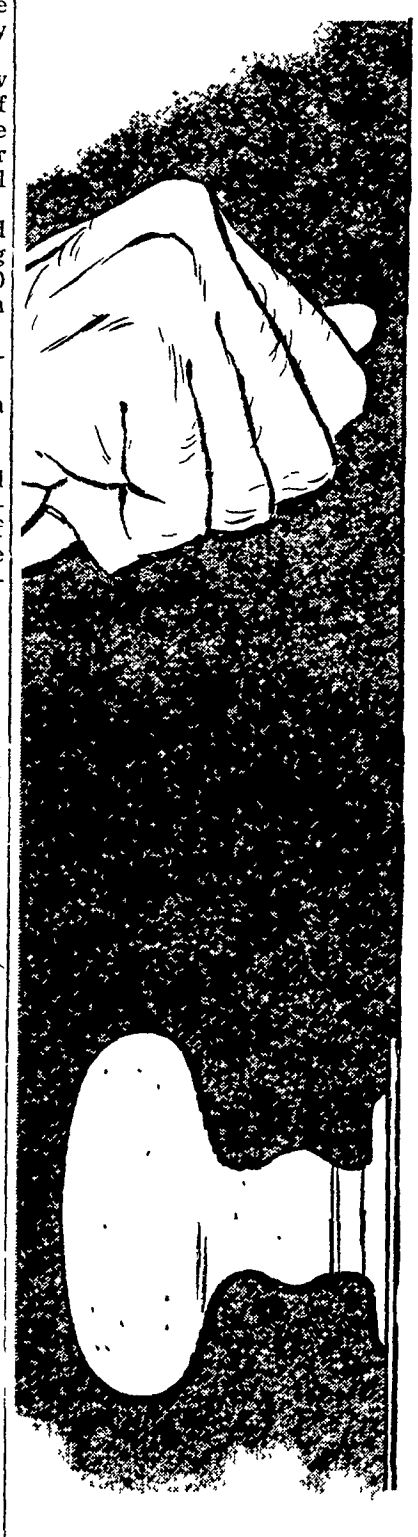
Growing—and Packing



Charles A. Ressler, R2 Holtwood, stands in a tomato patch adjacent to the packing plant on his farm. Stalks average three feet in height He has 100 acres in tomatoes under cultivation this year. At the right is a photo showing packing operations at the plant of Chris Atkinson & Son. (Lancaster Farming Staff Photos)

FOOD PRESERVATION

Industrial scientists are busy looking at the atom and miracle drugs in their search for ways to prolong the edible life of food While housewives are intensely interested in the subject, research is proceeding particularly with the armed forces in mind, since food storage and transportation is one of the Army's greatest problems.



OPPORTUNITY KNOCKING

Every year many more poultrymen discover Beacon feed *does something extra*

Experienced nutritionists point out that even an ordinary feed will satisfy birds as they come into their first flush of production. But temporary satisfaction is expensive in the end.

The profit formula for long-season sustained production is based on a feed *so well balanced* . . . and *so highly concentrated* in nutritional values . . . that it can maintain body weight *and* peak production over many months

Beacon is so formulated . . . to justify itself on a *profit over feed cost basis* . . . not to meet a certain price per bag

That's why TOP poultrymen who have made comparisons say, "*Birds lay more and longer on Beacon . . feeding cost per dozen is lower.*"

OPPORTUNITY KNOCKS. You must open the door. *Beacon Feeds* and the *Beacon Program* can boost your poultry profits
